LOCAL BOARD REPORT

NAMES OF DELINQUENTS REPORTED TO LOCAL POLICE AUTHORITY

To Glendale News, Glendale, Cal.

There is hereby certified the following list of the names and addresses of persons who have been duly and legally notified to file with the Local Board the questionnaire required by the regulations promulgated by the President of the United States under authority granted by Act of Congress approved May 18, 1917, and who have failed to file such questionnaire.

Under authority of Section 6 of the Act of May 18, 1917, and by Section 130 of Selective Service Regulations, you are required immediately to visit in person or through deputies each person whose name appears on this list, to locate such persons if possible and bring them before this Local Board. If you are unable to produce such persons within 5 days of the date hereof, exclusive of Sundays and legal holidays, you shall report to this Local Board all information you may have obtained concerning such delinquent registrants.

Further information and description concerning these persons is available in the records of this Local Board.

Alex. Blaida, 1563 Fairmount Way, Los Angeles, Cal.
Edward Judson Burlingham, 1570 W. 5th St., Glendale, Cal. (Rumored enlisted; no proof.)
Frederick Eugene Burt, 1020 N. Central Ave., Casa Verdugo, Cal. (Rumored enlisted; no proof.)
Hubert C. Buzzell, 471 E. 2nd St., Glendale, Cal.
Louis Frederick Caron, 195 Saxton St., Lockport, N. Y.
Hidie Fountain Franklin, Faulkton, S. D.
Filipe Gomez, San Fernando, Cal.
Ralph Gonzales, San Fernando, Cal.
Guillermo Griego, Hewitt & Maclay, San Fernando, Cal.
James Melville Hall, Lankershim, Cal.
Sam Herrera, Highland Drive, La-Canada, Cal.
James Miller Holman, 1331 N. Maryland, Casa Verdugo, Cal. (Rumored enlisted; no proof.)
Carl E. Johnson, Tejunga, Cal.
William Verner Johnston, care Pacific Tile & Terra Cotta Co., Los Angeles.
Joseph Young Johnston, Jr., 128 Orange St., Glendale, Cal. (Rumored enlisted; no proof.)
Edward Milton Jones, 1525 Ruth St., Casa Verdugo, Cal.
Charles F. Joyce, Mountain St., Burbank, Cal.
Jack Travers LeNoir, Universal City, Cal.
William Alfred Moran, 203 N. 3rd St., Glendale, Cal.
Peter Petroff, Hollister St., San Fernando, Cal.
Fred Quackenbush, 515 W. Park Ave. Tropico, Cal.
Daniel Ragen, Lankershim, Cal.
Maximo Rodriguez, Mott St., San Fernando, Cal.
Federico Romero, San Fernando, Cal.
William Samis, Central St., Burbank, Cal.
Samuel Harrison Thompson, 227 E. Ridgway St., Eagle Rock, Cal.
George Weissman, Pisgah Grande, Cal.
Milton Talbot Menasco, Central Ave., Lankershim, Cal.
Ludwig H. Eichholz, San Fernando, Cal.
Joseph Clark Thompson, New York Ave., La Crescenta, Cal.
Eddie Fernandiz, Mott St., San Fernando, Cal.
Ralph A. Neeley, Texhoma, Okla.
John Lopez, Chatsworth, Cal.
Walter Horner Lippincott, 5817 Meridian St., Los Angeles, Cal.
Edward Charles Maxwell, 447 Mission Boulevard., San Fernando, Cal.
Ralph Elwood Dodsworth, 428½ Orange St., Glendale, Cal.

Dated, January 9, 1918.

F. D. LANTERMAN,
Member of Local Board.

To our knowledge four of the boys in the above list are in the service: Frederick Eugene Burt is with the Engineering Corps in France. James Miller Holman is at Camp Kearny. Ralph E. Dodsworth is a member of the Coast Artillery stationed at Fort McArthur. Edward J. Burlingham, when last heard from was in an eastern camp. There may be others.

—EDITOR.

BAPTIST CONVENTION

The Baptist Convention of Southern California will be held in Long Beach next week and several delegates from Glendale will attend. It will be preceded Monday afternoon by a session of the Ministers' Conference, of which Rev. Vernon R. Cowsert, of Glendale, is president.

TROPICO SCHOOLS

THEY WILL NOT BE TRANSFERRED AUTOMATICALLY BY CONSOLIDATION

Contrary to the understanding in some quarters, the consolidation of Tropico as a municipality with the City of Glendale will not automatically transfer the schools of Tropico to the control of the Glendale Board of School Trustees. Should Glendale become a city of the fifth class with a population of 25,000, the transfer would be automatic. Had Tropico voted to consolidate with Los Angeles it would have had that effect, but under present conditions the Tropico District remains a separate entity until action is taken to consolidate it with Glendale.

When consulted in regard to the matter Richardson D. White, Superintendent of Glendale Schools said:

"It is the opinion of the County Counsel that it would require a petition signed by a majority of the heads of families in the two districts to consolidate them. Such a petition would be presented to the County Superintendent of Schools who would pass it on to the Board of County Supervisors and they would consolidate the school districts.

"I think as far as Glendale is concerned that nobody here would take the initiative in the matter because we are so much larger that it would amount to absorbing the other district. I do not believe the Glendale Board would make any move whatever unless they knew that Tropico wanted it done. I have heard rumors that some of the parents in Tropico are already circulating such a petition. If they should do so and present it to the Glendale trustees, the Board would then suggest that citizens of Glendale proceed to do their part."

BOYS WANT COMFORT BAGS

Mrs. Chas. Grist, 131 So. Brand boulevard, will open her home to the W. C. T. U. on Friday, January 18th, at 2:30 p. m. Mrs. Julia Phelps County President and Mrs. Hattie C. Young, Vice President, of the County, will be present. These ladies, the County Committee urgently request all members of the West Glendale, Tropico and Eagle Rock Unions, to be present to receive instructions for further war service work. Try to be present and give these faithful workers a warm welcome.

An urgent request has been received at W. C. T. U. headquarters for 800 comfort bags for the Texas boys who expect to leave very soon for France. They must be finished by January 31st. Glendale has been asked to make 75 of this large number. An all-day meeting will be held at the Lutheran parsonage, 1109 West Fifth street to do this work on Monday, January 13th. Bring your sewing kit, your lunch and put in a full day doing this very important work for the boys. Any person in Glendale and vicinity who desires to help with this worthy work of love for our boys will be most heartily welcome. Don't forget the day, date and place as above stated.

P. E. O. MEETING

The regular meeting of Chapter L., P. E. O. was held Wednesday at the home of Mrs. Charles D. Lusby, 104 North Jackson street.

There was a large attendance and the Chapter voted to spend the third Wednesday in each month at the Glendale Red Cross headquarters, sewing upon hospital garments under the direction of Mrs. Ellis.

Mrs. Case and Mrs. Frank Arnold of B. A. Chapter were welcome guests.

Mrs. Patience Beatty, Supreme Corresponding Secretary, gave a most interesting talk upon parliamentary law and its application in the P. E. O. She is an exceedingly fluent speaker and very well read upon this subject.

All members of Chapter L are requested to spend some time next Wednesday at the Red Cross headquarters.

DR. RUSSELL HONORED

The State Executive Board of the California Congress of Mothers and Parent-Teacher Associations held its regular monthly meeting Wednesday in the directors' room in the Security Bank Building, Los Angeles, the president, Dr. Jessie H. Russell, presiding. A large number of delegates were in attendance from various parts of the state and a vast amount of business was transacted. By practically unanimous action the Board voted to send the President to the National Convention which will be held in Atlantic City from February 26th to March 1st., and appropriated $300 for the expenses of her trip.

BAKER TELLS OF ARMY'S GROWTH

SECRETARY OF WAR SAYS NO ARMY IN WORLD'S HISTORY PREPARED FOR SERVICE SO QUICKLY

(Special Service to Glendale Evening News)

WASHINGTON, January 10.—No army of similar size in the world's history has ever been raised, equipped and trained so quickly as the present American army, Secretary of War Baker told the Senate Military Investigators today.

He pointed out the fact that all branches of the army had grown from 9524 officers to 110,856 officers and from 202,510 men to 1,428,650 men and said this shows the splendid effectiveness of the American people.

"America's accomplishment," he said, "is such as to depress the German morale. When Germany realizes that American democracy neither blundered nor hesitated but brought the full power of her men and resources in complete organized strength against her military machine, she will be amazed."

Baker answered his critics with a broad outline of what had been accomplished:

"Health conditions in the camps are improving rapidly; the clothing shortage has been practically met; the death rate in the army is lower than in civil life; further increments of the army can be equipped and trained as rapidly as those already in the camps can be transported," he said.

"All this was accomplished without serious industrial dislocation. The spirits of the army are high, the men are well fed and all kinds of guns are available and great programs of new instruments of war have been formulated," Baker told the committee.

RUSSIA AND BULGARIA IN PEACE PACT

SEPARATE PEACE FORMALLY SIGNED WITH BULGARIA'S ALLIES CONSENTING IS REPORT

(Special Service to Glendale Evening News)

BERNE, Switzerland, January 10.—The newspaper, "Der Bunde," declared today that a separate peace between Russia and Bulgaria had been formally signed.

The announcement was contained in a quoted speech delivered before the Bulgarian Soberange by Premier Radoslaroff. He read a telegram from Brest-Litovsk declaring:

"The war between Russia and Bulgaria ceases and economic relations will be resumed. Russia recognizes Bulgaria's right to nominate delegates to the International Danube Commission."

The Premier said: "This is the first peace concluded during the war with Bulgaria's allies consenting."

MAY TRANSFER PEACE CONFERENCE

SATISFACTORY CONCLUSIONS BEING REACHED TO CONDUCT NEGOTIATIONS FOR PEACE ON NEUTRAL SOIL

(Special Service to Glendale Evening News)

PETROGRAD, January 10.—Brest-Litovsk telegrams today reported indications of satisfactory conclusions being reached as to the transfer of peace negotiations to neutral soil. Ukrainia is reported as joining hands with Russia in negotiation with the Kaiser.

RESUME PEACE NEGOTIATIONS

GERMAN AND RUSSIAN DELEGATES WILL MEET AGAIN WEDNESDAY FOR CONFERENCE ON PEACE TERMS

(Special Service to Glendale Evening News)

COPENHAGEN, January 10.—Peace negotiations at Brest-Litovsk will be resumed Wednesday at noon according to the Cologne Gazette today.

ADMIRALTY SHAKEUP DUE

ENGLAND'S NAVAL POLICY TO BE DIVIDED UNDER THREE HEADS WITH OFFICERS OF PROVEN MERIT IN CHARGE

(Special Service to Glendale Evening News)

LONDON, January 10.—England's long-expected Admiralty shakeup was to be announced in detail this afternoon.

A previous statement declared the whole naval policy would be divided into three general divisions: governing home waters; overseas and trade protection.

Each department is to be headed by a naval officer of proven qualifications.

REQUA MADE OIL HEAD

CALIFORNIA MAN NAMED TODAY TO TAKE CHARGE OF NEW DEPARTMENT OF FUEL ADMINISTRATION

(Special Service to Glendale Evening News)

WASHINGTON, January 10.—Mark L. Requa of California, now connected with the food administration, was today appointed head of the newly created oil department of the fuel administration.

THE STORM DAMAGE

STRONG WIND WEDNESDAY AFTERNOON PLAYED HAVOC WITH TREES AND WIRES

The strong wind which blew at intervals Wednesday afternoon and evening played pranks with some of the telephone and light wires, laid low some of the old poles, and tipped a few trees out of parkways. Some sections got the force of the wind more than others. The neighborhood of Kenwood and Broadway was one of these storm centers and the Ford Automobile Agency suffered by having a big window in its repairing department blown in.

At the rear of the Home Telephone Company where a frail structure gave shelter to three motor wagons in use by a baking company, there was a collapse of the roof with resulting damage to the top of one machine and the wind shield of another. Across the way a section of the high fence which protects the west side of the Pulliam Undertaking parlors was blown down.

On South Jackson street, opposite the residence of William Thompson, two trees in the parkway were tipped over, one into the street, the other into the Thompson yard. The family heard the crash while at dinner between six and seven o'clock, and speculated as to whether German conspirators were operating, but concluded they would not make so much noise. Later they found the tree blocking the sidewalk and a red lantern was placed there by city officers to warn pedestrians of danger. Had the tree fallen against the house it might have smashed a window. Another down tree was reported on Adams near Lomita, and one on Louise near the northern city limits. The City Forester is at work this worning clearing away the debris and after the rains come, young trees will be set in the vacant places.

The wind also prostrated the wires of one of the street lighting circuits in the east part of town leaving those streets in darkness. Trouble men are at work today and say that the lights will be on as usual tonight.

The Home Telephone Company has had to employ extra men to repair damage on its line. Several poles were blown out between Burbank and Lankershim where, it was reported, the wind was still blowing fiercely this morning.

A QUESTIONNAIRE MIX-UP

M. C. Hayhurst, who is Physical Director at Glendale Union High, has had quite a strenuous experience in connection with the filing of his Questionnaire. He was registered at Fresno, California, but his Questionnaire was mailed to Junction City, Ohio, by mistake. When he learned about the error, his allotted time had almost expired so he secured from the local Board in Glendale, another Questionnaire which he filled out and dispatched to the Fresno Exemption Board. It was not received in time and he was advised by a friend that he had been listed in Class 1. To straighten the matter out, he and Mrs. Hayhurst last Saturday went by auto to Fresno where he succeeded in having the Board rescind its action and list him where he belongs in Class 4. The Hayhursts returned on Wednesday and are now at the Flower Apartments.

CHILD INJURED BY AUTO

Wednesday evening about 5:30 o'clock while the wind was blowing a half gale, Fay Hull, the little son of Mr. and Mrs. John H. Hull of 1517 Burchett street, was run down by a jitney and considerably injured. It is supposed that the air was so full of dust that the child, who is between three and four years of age, did not see the car and ran directly in front of it. No blame was placed upon the driver who had no chance to stop his car before running over the little boy. Dr. J. L. Flint was summoned and conveyed the child to Thornycroft Hospital where his wounds received attention. A fractured collar bone and scalp wounds were his most serious hurts. The hospital authorities report that no symptoms of internal injury have developed, that Fay is doing nicely and will be able to return to his home in a short time.

GUESTS AT PASADENA

Tuesday afternoon Mrs. R. J. Smart and Mrs. Mary Moore, of Glendale W. C. T. U. were invited guests at a meeting of the Washington Heights Union in Pasadena, where Mrs. Moore, who is County Superintendent of Mothers' Meetings, gave a very interesting talk on her department of work. Mrs. Smart also made a talk on her state work, Temperance and Missions.

THE DELINQUENT LIST

CHAIRMAN LANTERMAN OF THE EXEMPTION BOARD EXPLAINS CLASSIFICATION

Members of the Exemption Board and their assistants are still busy and will be until next Wednesday when the seven days allotted on the Questionnaires last sent out, will expire. Even then there may be extensions to be granted to those who find the seven days not sufficient to secure supporting affidavits or who are too far distant from Glendale to get the Questionnaire back in time.

Relative to the list of delinquent Questionnaires published in this issue of the Evening News, Chairman Lanterman said:

"We have picked out every man that we KNOW is in service, but concerning others we are unable to state as a matter of KNOWLEDGE what other beople belive. Other people may know things which the Board does not know and we must have a statement from a man's commanding officers or from the Adjutant General that he is in service before we can place him in the Class 5 list. We have endeavored to impress upon every registrant that a statement from a man's commanding officer must be attached to show that the man is in service.

"We regret as much as the men possibly can that we have been obliged to classify them as delinquents, but we have no authority to do otherwise under the selective service regulations."

Physical examinations will begin at once. The Board has accepted the offer of Sam P. Stoddard to use a large room in the rear of his office on Broadway, opposite Exemption Headquarters, for the examining physicians, free of charge, and examinations will be made there.

Mattison B. Jones, member of the Exemption Board, was at the headquarters last night, and a large corps of attorneys, the list including: Messrs. Van Wie of Tropico, C. B. Andrews, A. S. Mackay, W. R. Flint, Fred E. Burlew, F. L. Muhleman and Mr. Ely. Messrs. Flint, Mackay, Muhleman and Olin Spencer were on duty this morning.

STEREOPTICON LECTURE

In spite of an unpleasant wind storm which would incline citizens to remain by their firesides, a good audience came out to attend the stereopticon lecture given at the Glendale Baptist Church Wednesday evening, by Mr. and Mrs. H. Ross of Sendai, Japan, who spoke under the auspices of the Missionary Society of the church. Mrs. Ross dwelt particularly on the school work and told how modest and refined the native girls are and how encouraging the work is. A thirty thousand dollar building for the girls' school is now being erected which will materially better conditions. Mr. Ross followed her talk with about one hundred most interesting films of Japan scenery, native missions and workers. Mrs. Neighbors contributed a much appreciated vocal solo.

LOS ANGELES COMPOSER COMING

The Music Section of the Tuesday Afternoon Club will meet with the curator, Mrs. Frank N. Arnold, 309 N. Maryland, Friday afternoon at 2:30. The afternoon will be devoted to children's songs. Mrs. Ella Duffield, Los Angeles composer will give the program. Mrs. Duffield is noted for her delightful compositions of children's songs, which always appeal to the hearts of the mothers.

All members are urged to be present and members of the club who are mothers and interested in proper songs for children are invited by the Music Section to enjoy this meeting.

ALL SCHOOLS TO JOIN

Union High and the Schools of Tropico have accepted the invitation to be present at the raising of the Service Flag which will be presented to the city by pupils of the Intermediate School today. It therefore looks as though about 2000 children would be assembled this afternoon at Brand and Broadway to participate in the ceremonies.

SCHOOL BOARD MEETING

Members of the Tropico Board of School Trustees assembled in the Cerritos School Tuesday evening for their regular monthly meeting instead of Monday, the customary night.

There were no matters of special interest to be considered but the usual routine business of auditing bills was transacted.

WEATHER FORECAST—Fair and colder tonight and Friday. Northwesterly winds.

GLENDALE, CALIFORNIA, THURSDAY, JANUARY 10, 1918.

BRAZILIAN EMBASSY IN WAR-TIMES

Brazil is represented in America by Domicio da Gama—dean of the South American diplomatic corps—with the title of Ambassador Extraordinary and Minister Plenipotentiary.

Da Gama—who speaks classic English fluently—and who has a magnetic personality, was the first South American envoy to bring America the moral and material support of a great Western Hemisphere nation. Brazil declared war promptly against Germany, and gave "all-American solidarity" its first great impetus.

Out on Massachusetts avenue—near Du Pont circle, the "hub of the universe," Ambasasdor Da Gama is installed in a handsome stone residence, the permanent quarters of the Brazilian diplomats here.

On the first floor, where the chancery is located, Da Gama receives visitors. His many American friends find him especially interesting on account of his facility with the English language, which is probably very much more perfect and fluent than that of most American diplomats.

SIXTY PER CENT OF ALLIES' SHELLS MADE OF MINN. ORE

Six out of every ten shells hurled at the Germans during the coming year will be made from ore mined on the Mosabi ore range in northern Minnesota.

Mine operators today estimated the 1918 production of these mines at 45,360,760 tons, but 1,000,000 tons less than in the past year.

With the exception of a futile attempt by the I. W. W. to incite a strike the Minnesota mines have been free of all industrial unrest since the United States entered the war.

CHILEAN AMBASSADOR SUES HIS LANDLADY

Santiago Aldunate, ambassador extraordinary and minister plenipotentiary of the Chilean republic here, objects to paying a high rent and then footing the bills for repairs on the embassy.

Because his landlady failed to keep the premises in proper shape, he says, he was forced to expend $1,034 and is now suing Mrs. Alice Hemmick for the sum. His rent is $333.33 a month.

Senator Reed is the champion congressional investigator. He is a member of four probe committees—military affairs, sugar and coal, commerce committee investigating the shipping board, and privileges and elections committee investigating utterances of Senator La Follette. Recently all committees were operating at once.

SAMMY'S UNIFORMS CHANGED TO MEET DEMANDS OF WAR

By J. W. PEGLER
(United Press Staff Correspondent.)

WITH THE AMERICAN EXPEDITIONARY ARMY, FRANCE, Dec. 12. (By Mail.)—Sammy will never look the same as he did when he carried his punch to France.

First off the sergeants-chauffeurs gave up their campaign hats on the road and wore instead the little khaki fore-and-aft Belgian cap, cut just like the French soldier's cap which is blue. Of course it was against regulations to wear an uniform cap but the regulations never considered the flopping of a hat-brim against a chauffeur's eyes at forty miles an hour.

So at headquarters they winked at the violation.

When the first battalions went into the trenches the slouchy campaign hat was the most awkward piece of equipment in Sammy's whole kit. He tried slinging the hat at his side but it fell into the mud and was trampled on and lost. Never having worn their steel helmets for any considerable time before, the troops didn't know until they were in the trenches that the space between the band and the head permits the wind to blow through. This is fine in summer. But winter was only a week or two away.

Some of the fellows discovered that you could use the chauffeur's type of Belgian cap for a head-warmer under the helmet. It also serves as a pad, taking up some of the pressure of the steel hat. And it is small enough to fit into the pocket when you're not using it.

The quartermaster of the first contingent got busy on the doughboy's tip and ordered a French factory to turn out enough fore-and-aft caps of a special design to equip the whole outfit.

Later the new cap was adopted for the whole army. Officers wear their insignia pinned to the front peak and the enlisted man's branch of the service is indicated by the color of a little braid sewed along the edges.

The old familiar American leggins are about to go the way of the unwieldly campaign hat. In the mud of the fighting front our troops found that the leggins let in mud between the bottom of the leggins and the shoe tops and this mud seeps down into the shoes. Hereafter troops on the front will wear the spiral cloth puttees of the British. They get muddy too, but they wind over the shoe-tops so as to prevent the mud from going inside the shoes.

Sleeveless leather coats are another article of clothing which will make Sammy look like a different soldier. They will be issued to all branches on the fighting front and they are considered even better than the fur coats dealt to the British troops.

Engineer units are receiving overall waterproof oiled suits, especially adapted for bridge construction where men are often compelled to stand in water of shoulder depth to do their work.

The old style American field boot remains. Though it has a rough exterior finish and looks like the dickens even when new, this boot, when properly oiled is as near water-proof as any leather boot of any army, according to the Quartermaster. But for extremely muddy weather each man will have rubber thigh-boots which is something the old Boche would like to issue to his men, but he can't issue because our blockade has killed off his rubber supply.

We Have in Stock These Few Used Cars at Real Prices:

If you are in the market for a used car it would be worth your while to investigate and look them over. Make us your own proposition.

1 4-cylinder Studebaker speedster or racing type with high tension Bosch magneto. All new tires, in A-1 mechanical condition. Will do about 65 or 70 miles. This is a real buy at $275.

1 1914 4-cylinder, 5-passenger Michigan with good rubber upholstery like new. This car has had very little use and is an exceptionally good buy for touring and heavy work. Price, $400.00.

4-cylinder Studebaker Touring Car, new top, 5 excellent tires, repainted, fully equipped and in good mechanical condition. Price, $725.00

1 6-cylinder, 7-passenger Studebaker with new tires, accessories, etc. Price, $900.00

1 50 H. P. 6-cyl. Mitchell, 5 Pass. Touring Car, self starter. In fine mechanical condition. Price, $300.00

THESE TELEPHONE GIRLS MAY WEAR ARMY UNIFORMS

Here is a chance for women to wear Army uniforms—provided they can talk French as fluently as English.

Telephone operators are needed for duty abroad with the American forces. The Military Information Office of the University of California, has been asked to recommend a number of young women who are physically fit, who speak both French and English fluently, and who are willing to be sent abroad. It is preferred they should have had experience in telephone switchboard operating, but opportunity to learn this will be offered in case an insufficient number apply who are skilled in both telephony and French.

The women selected will have uniforms of the same olive-drab as worn by officers and men in the Army. The unit of telephone operators now being organized is the only unit composed of women which will actually wear Army insignia. The uniform will include the Army campaign hat, with the Signal Corps hat-cord, a long olive-drab cape, a medium-length coat on the same general lines as the present Army service coat, an English walking-skirt, and tan shoes. The salaries offered range from fifty dollars for substitutes, sixty dollars for local operators and toll operators, and seventy-two dollars for supervisors, to a hundred and twenty-five dollars for chief operators, plus, in each instance, rations and quarters as accorded Army nurses. Transportation will be furnished from their homes to Washington, and of course from Washington to the point abroad to which they will be sent.

Information may be obtained and applications filed at the Military Information Office maintained by the University of California in the Alumni Secretary's office, 114 California Hall at the University. It is entirely useless for any one to apply who is not fluently versed in French as well as in English.

FIRST AID WORK

At the meeting of the Tropico First Aid classes which was held Wednesday evening in the City Hall, Dr. William C. Mabry, the instructor, lectured on "Wounds," which he classified into "Incised," "Lacerated" and "Punctured or Perforated" wounds. He strongly emphasized the fact that infection is the chief source of danger in all wounds and counselled the class about methods of minimizing this danger in first aid work.

The doctor discouraged the use of water in every case where it is possible to avoid it in first aid work on wounds, his reason being that bacteria cannot grow without warmth, moisture and something to eat.

He strongly recommended a fifty-fifty solution of alcohol and water as an antiseptic.

For wounds made by the bites of poisonous insects or reptiles he strongly urged the use of potassium permanganate in preference to ammonia or other antidotes often recommended.

Perish the German thought to name it Palace-stein and fill it with their brew.

CONSIDER THE ELECTRIC VACUUM CLEANER

WHAT IT SAVES YOU IN —$'s AND c's—

First of all it saves you money because it saves your rugs—carpets—curtains and draperies.

It saves what you pay the carpet cleaners twice a year.

Saves the cost of brooms—dusters—carpet-sweepers—mops, etc.

Saves doctor bills and sickness, the result of too much sweeping and heavy housework.

It makes the whole house healthier, happier and better to live in.

Greatly lessens your housework—more time for pleasure and your patriotic duties.

Costs less than one cent an hour to operate.

Buy a good one. We recommend the Hoover on account of the motor-driven bristle brush—picks up all the threads, lint. It cleans thoroughly.

OUR JOB NEXT SUMMER

If for a fortnight the boats bringing food and provisions to the American armies should stop next year, an unimaginable horror of defeat and famine would come. The boats must go through. As Americans, with 3000 miles between our crops and our soldiers, we have to do what England, for instance, can do with but a few hours between her soldiers and their food. Moreover, we must transport our soldiers across this 3000 miles of ocean gap. Probably next summer we shall have a million men in Europe, and by autumn another million more. Europe cannot feed them; Europe cannot keep them in fuel, nor in guns, nor in powder. We must do it, and we must get our boats through that danger zone between Liverpool and Gibraltar with a dozen or twenty U-boats lying in wait for us.—William Allen White in Collier's Weekly.

FIFE AND DRUM CORPS

A Boy Scout fife and drum corps is being organized. Each troop in the county is to furnish three fifers and two drummers. Tropico proposes to do its bit in the matter and to furnish its quota from its troops. At the examination held the other day, the boys were required to play "John Brown's Body," and a Tropico scout was the only boy who was able to meet the requirements. There will be forty to fifty boys in the corps.

J. H. Mellish, the Brand Boulevard Jeweler, has the new service pins at 25 cents and 35 cents each. 108t4*

Personals

Mrs. Murtha McMasters is visiting friends in Los Angeles this week.

Mr. and Mrs. J. A. Jenkins of 1315 Campbell street, are moving the first of next week to Tujunga.

Mrs. Guidinger of Catalina, is visiting Mrs. Joseph Guidinger of 238 South Maryland avenue, and will be her guest for the coming two weeks.

Mrs. Andrew Willcut, of Los Angeles, is visiting her daughter, Mrs. Frank Zerr, of 141 Cedar street, and will probably be her guest for a couple of weeks.

Dr. Henry R. Harrower, of Glendale, has opened an office in the Citizens' Savings Bank Building, Pasadena, which he visits once a week to see patients in that city.

J. C. Barnett, 1421 Riverdale Drive, has had to return to the Santa Fe hospital. He has been laid up for over a year, but his many friends hope he will not be in there long.

Mr. and Mrs. George Kilmer of Des Moines, were holiday guests of Miss Harriet Baggs, of 214 Paloma avenue. They are now in Los Angeles but expect to be frequent visitors in Greater Glendale.

Sergeant R. T. Philp, of 112 Aero Supply Squadron, Kelly Field, San Antonio, left Glendale Thursday morning to join his squadron after a nine days' furlough. He says Glendale is too dull for him after being in service six months.

Mrs. W. Henry Ward of East Broadway, is convalescing satisfactorily from a very serious operation performed at Thornycroft Hospital last Monday. Her physician insists, however, that she shall see no visitors until next Sunday.

The Misses Boulton, of 307 Glendale avenue, received a letter early Tuesday morning telling of the very serious condition of their father at his home in Fort Worth, Texas. They left at once in the hope of seeing him alive and the time of their return to Glendale is uncertain.

Mrs. Mary Ayers of Palmer avenue, had the pleasure of entertaining last week Mr. and Mrs. Chauncey Van Buren, now of Hollywood, but former tenants of hers in Tropico. Mr. Van Buren was one of the enthusiastic workers for consolidation with Glendale four years ago.

The all day meeting of N. P. Banks Post and Woman's Relief Corps at G. A. R. Hall Friday will be an affair of unusual interest and importance. Besides being the occasion on which officers of Post and Corps will be installed, it will be the twentieth anniversary of the organization of the Corps, which has done a vast amount of work and loving service for the veterans and their families.

Just as a Mighty Oak

Can grow from a small acorn,—so can a fortune grow from a small bank account.

Both when well started have a steady growth. You can start your account this month. Even though it be a small one at first, if you will steadily add to it in a few years you will have a capital worth working for.

If you live in Glendale, make up your mind to start an account in this Glendale Bank and watch your money grow with the bank and the town.

RED CROSS QUARTERS

DEPARTMENTS TAKE POSSESSION OF SPACE ALLOTTED AND RESUME WORK

The new Red Cross headquarters are gradually assuming their permanent form. The four-foot partition which separates the space allotted to the surgical dressing department from other sections is in place, a neat railing is being put around the platform office of which Mrs. Blackburn, the Cashier is in charge, motors have been installed in connection with the sewing machines, and a big stove has been set in the middle of the workroom which has been giving great comfort to the workers today.

More than twenty members of the Ladies' Aid Society of the Congregational church brought their lunches and gathered around the big stove this noon preparatory to spending the afternoon in work on hospital garments under direction of Mrs. Ellis, who is also directing the packing of a shipment which is soon to be made to San Francisco.

Tables have been placed for the knitting section, and workers in that department will be in attendance this afternoon. The surgical dressing class under direction of Mrs. Eva Tuft, will also assemble.

A. G. Baggs, of Des Moines, brother of Miss Harriet Baggs of Paloma avenue, and Mrs. A. G. Baggs, arrived from the middle west last Saturday and were guests for several days of Miss Baggs. They expect to spend about two months in the state and will make their headquarters in Los Angeles while seeing Southern California, though they will spend considerable time with Miss Baggs.

Mrs. Calvin Whiting and Mrs. LeRoy Bosserman had the pleasure of attending together the Philharmonic Concert for which Maud Powell furnished the program last week. Mrs. Whiting pronounces it a wonderful performance and says she received quite an ovation. The audience at this and other of the Philharmonic Concerts this season was not as large as in former years and showed the effects of the war.

Miss Margery Imler will leave Palm Villa en route for college next Friday. She will stop en route at Oxnard, where she will be the guest of Miss Blanche Eastwood, a fellow student. The two girls will leave Sunday night via the S. P. for Berkeley which they will reach Monday in time to register for the winter term. Several other students of the State University from Glendale will be returning about the same time, viz. Katherine Renshaw, Dorothy Gilson, Wayne Smith and Rebecca Gregg.

Among the new residents in Tropico are Mr. and Mrs. George Cox, who have taken a house at 226 South Central avenue. Mr. Cox is an employe of the Southern California Edison Company and has been transferred from Los Angeles to Tropico, His sister, Mrs. J. F. Kier and her husband have also moved to Tropico and purchased the property known as the Bennett place, 526 North Central avenue. Mr. Kier is employed by the Edison Company in Los Angeles. Both families are delighted with their new home and their neighbors.

CHARMING BAG IDEAS

If you are thinking of something "different" in a knitting bag, how about this? Black oilcloth, bone handles, white silk lining, and stuffed silk fruits. The top of the bag is attached with three rows of shirring, the lining is of brilliant white moire silk. And the use of the bright colored silk fruit is the most striking thing about it. Satin apples, pears, peaches and even grapes in their natural colors just drip from down each side of the bag. There is absolutely no decoration on either the front or the back of the bag.

EVERY MAN HAS HIS DAY

Every man has his day is very evident by observing what has taken place in communities in years past. How it has seemed for a spell that one or more individuals would have unbounded influence and carry every thing just as they desired it. Then a turning point would come and all would be different. So to those who become discouraged and think all is going to the bad under the national, state, county or local community, take courage by remembering that every man has his day.

BURGLARS WORK WITH GERMAN AIR-RAIDERS

LONDON, Dec. 10 (By Mail)—London suburbanites are beginning to ask: "Which is worse, a bomb or a burglar?"

When they get the air raid warning in the suburbs, the inhabitants thereof usually gather in the house of the family with the strongest cellar or in some common dug-out. This is just what the wily burglar is waiting for, and, scorning possible bombs, he leisurely ransacks the deserted houses.

CULTIVATING VACANT LOTS

It is with pride and delight the well meaning citizen beholds the wonderful interest now being taken in getting ready to cultivate the vacant lots the coming season. What is required is real earnest, steady work connected with good common sense.

REPORT OF PAPER DEPT. OF THE SALVAGE

The first of last week Mr. Todd took in a load of paper for which we received a check for $29.52. Considering our difficulty in getting machines and our consequent inability to gather anything like the amount of paper held for us, we feel that this was very good. Mr. Todd is taking another load in for us before the coming Saturday when we hope to finish the collection begun last Saturday.

We wish to express our thanks to the people who though greatly inconvenienced by their accumulating papers still patiently hold them for us. We are receiving many complaints from others and the statement that we must collect them soon if we are to be permitted to have them.

The difficulty is lack of machines, but if a tenth of the women in Glendale having machines and able to drive them, would give us 3 hours a month it would be ample and it would mean many dollars to the Red Cross.

Last Saturday though short of automobiles we had plenty of the best of help and could have handled with it twice the papers that we had.

The women who helped direct the work were: Miss Berry, Miss Mitchell, Mrs. Wintersgill, Mrs. Mullin and Mrs. Parker.

We had five machines helping us, driven by Miss Sharpe, Mrs. H. V. Brown, Mrs. Andrews, and Mrs. Fairchild. Mrs. Toll also send her machine and chauffeur.

Monday evening Donald Franklyn, Arthur Allyne and Frederick Stoft, on Tuesday, Donald Franklyn and Horace McRae and on Wednesday, Donald alone baled paper for us and did it exceedingly well. It is a two-man job however, and one ought never to have to do it alone. I cannot understand how he ever succeeded in making a bale, but he did.

Tuesday evening Philip Davis made ration heaters in paraffin. He has a considerable number to show for his work.

The other workers are as follows:

Intermediate School

Joe Psenner, 35 min.
Frederick Stofft, 5 hr. 25 min.

—MAYBELLE DOUGLAS.

A SOLDIER'S MOTHER

A Cincinnati mother of a young soldier with the American forces in France attempted suicide when, finding herself without funds and without work, she was confronted with begging or starvation.

After taking poison she was rushed to a municipal hospital where all possible medical aid was given her and she will recover.

While she is recovering she will be given medical aid and attention and good food and a good bed.

When she has recovered she will be turned out to face the same situation she faced before she attempted to end her life.

It is unfortunate that any woman desirous of work and needing work to sustain herself must face those situations where no work is available for her.

But it is most unfortunate that the mother of a soldier who is offering his life on the battlefield cannot receive at least an opportunity from the government she and her son serve to work for the necessities of life.

A government took care of that woman while she was suffering from the poison she took to end her discouraging struggle.

But no government stands ready to assure that woman an opportunity to work for the money she so badly needs.

Instead of choosing the poison route she might have chosen the theft route so frequently followed.

And in that event our kindly government for which her son is ready to lay down his life would have provided for her in jail, giving her food and lodging and giving her a chance to work under disgraceful conditions for that food and lodging.

This soldier's mother has gone through no more than the mothers of thousands of sons are going through in our country today.

We select this incident because of the belief that the fact that a son is fighting for right and justice and for you and for me ought to make us willing to see that a little right and justice is afforded the mother who bravely gave him to her country.

Employees in our public employment bureaus say that it is heartrending to see the past-middle-age women who daily come to the bureau in search for work, their features daily becoming more wan, the light of hope daily growing dimmer, their clothes becoming shabbier, their strength becoming weaker, as each day they are told there is no work for them.

Our government has provided a means to help them to a job if there is one in the ordinary channels of industry but never to provide them with a means of earning an honorable livelihood if there are no jobs waiting in the ordinary channels.

Our government stands ready with hospitals and jails to take care of these women if they choose the poison or the theft route as a way out of their difficulties but with no readiness to provide them a way out of the poison or theft path.

And some of these women are mothers of our boys who are at the front in France—boys who are offering their all for a government that does not give to their mothers an opportunity to make a decent living.

This thing ought to stop.

It ought to stop right now when the disgrace of the conditions is brought home to us by the attempted suicide of the Cincinnati mother of a soldier.

Our government can if it will provide opportunities for soldiers' mothers and for all unfortunate women to provide for themselves in clean, honorable, healthful occupation.—Hollywood Citizen.

"CALIFORNIA DRY"

Wednesday Mrs. R. J. Smart and Mrs. Mary Moore of this city, attended the quarterly meeting of the County W. C. T. U. Executive Committee, at the Temple, Los Angeles, where state headquarters are located. It was a large and enthusiastic meeting and extensive plans were made for continued war service work, also for the campaign for "California Dry." The convention has been called to meet in Fresno, February 7th.

Then there's the slacker who makes a wrist-watch conceal the lack of a wrist-wash.

It Is Going to Rain Soon

Better be prepared for the cold, damp nights by getting yourself a good

LA CANADA

Echoes of Christmas are still to be heard. Some of the children are smiling yet over the cheer that holiday brought them. Miss Elinor Dewey entertained all the Roman Catholic children of this vicinity Christmas afternoon. After games and eats the gifts were distributed from the tree which was planted in the spacious court. Every child was delighted with what fell to his lot.

Newspapers are great sources of information. Readers of one of our papers learned to cut an exact star from the printed directions for folding, the cutting done by one slash of the shears.

Born, January 3d to Max L. and Ruth L. Green, a girl, weight 9 lbs. Mother and daughter are doing finely.

Mrs. Harry Connor, of Venice, California, had a delightful experience Christmas morning. Mrs. Connor is a member of Santa Monica Bay Woman's Club. Some of the women decided to go carol singing. Three auto loads started before the early dawn, visiting all the hospitals and stopping under the windows of the "shut ins" singing Christmas carols while the soft light in the eastern sky grew stronger. Daylight came fully before they were home again. A most blessed Christmas gift that blessed alike those who sang and those who heard.

The Glendale boys who were hurt New Year's morning while speeding it is said at 70 miles an hour, are all still alive. Two are in a very serious condition, at Thornycroft Hospital. One has a broken leg and fractured skull while the second has a broken arm and internal injuries. The third while suffering greatly will recover.

La Canada Thursday Club met with Mrs. P. H. Johnson, of Haskell street, on the afternoon of January 10th. Responses to roll call, Hindu Architecture. Madura's Temple, Mrs. Maynard, Some California Red Men, Mrs. Penfield.

The Allendale place on La Canada boulevard bought by Mr. Riggs, is growing daily more beautiful under the unremitting care of Mr. Ready. People going by look with pleasure on it saying "How pretty, how beautiful! I wouldn't mind living there myself." If we had more of these pictures to look at as we walk or drive much would be added to our already famous beauty. The acres adjoining Allendale on the north are also owned by Mr. Riggs. He has had it cleared. Last summer it was planted to beans. It will now be set out to lemons.

Mrs. Edwin Cooper is at Grant school this week. Pasadena displays considerable liking for Mrs. Cooper's services.

Mr. and Mrs. E. H. Brooks have been busily engaged in entertaining house guests from San Diego, Long Beach, Los Angeles and Alhambra.

Improvement meeting will convene Saturday of this week, Jan. 12, at 8 p. m. in the auditorium of the school building. Mr. Beckman, of the Montrose Lumber Co., who made so generous a contribution to the Improvement Association for the Municipal Christmas tree of La Canada, will provide the program for the evening, consisting of an address by a fine speaker, and various exercises by young people from Glendale. Everybody come. There will be things that everyone will like.

Gauze—more gauze. Money—more money with which to buy gauze is needed. Eight pieces of gauze were bought the last of the week, costing $37.50. This goes or is used at the rate of four pieces a week. You see then that next week more gauze will have to be bought if the work goes on, and it must go on. The war is insatiable, its sufferers must be cared for and we who stay at home want to help. We feel glad that there is some thing we can do. All over the world people living, moving, all with the impulse to do.

Tuesday was Exchange day. Work began in the morning. Folded gauze strips and compresses took up most of the time. Tea was served, which with the exchange netted $5.

La Canada Red Cross which is a branch of the Pasadena Chapter, gives an entertainment in the school house auditorium, Saturday, January 19 at 8 o'clock. Professional aid has been secured for some numbers. There is considerable stir roundabout indicative of the good things in store. After the program refreshments will be served. The tickets of admission to the entertainment include the "eats" and admission to La Canada Club Hall where dancing will be enjoyed at one penny a dance. Come, everybody. Here's opportunity to swell the Red Cross funds while enjoying yourself.

The teachers are much pleased with the enthusiastic manner in which the pupils are purchasing War Thrift Stamps. A fine report will be forthcoming next week.

The McNaughtens had their two little girls, Jane and Anne christened last Sunday. Friends and relatives came by automobile to the ceremony, making quite a festal occasion. A new garage at the foot of the hill which holds five machines, as well as the one above near the house, were all filled.

A card dated December 16, was receive by Mrs. Stickney from Russell. He says: "Good to be in port again. Hailing but is not very cold." The card came from Brest on the northwest coast of France. Brest is the principal naval port, a strong fortress and the terminal of a cable connecting with Duxbury, Mass. Mrs. Stickney had had no word from Russell for a long time. Previously to receiving the card from Brest he was stationed in the Azores. Russell is on board the torpedo boat U.S.S. Truxton. He sent his mother gifts from the islands, some very beautiful. One thing that is very quaint, is a tiny apron embroidered in many colors in many designs. A very well done United States flag in the appropriate colors was one decoration. Another flag one-half made in paddy green and the other in brilliant red with two thin circles of yellow in the center overlapping the green and red, was on the opposite side from the U. S. flag.

The Red Cross will be glad to receive old sheets, pillow cases, etc., for wrapping compresses and strips. Any thing can be used, if squares from 18 inches by 24 inches can be cut. The National Surgical Dressings Commission at 299 Fifth avenue, New York, are asking, no urging, that no bit of clear old cotton or linen be wasted, but be sent to the above address which gladly receives all bits and uses them.

P.-T. A. had a very successful Round Table discussion last week. The parents talked of a prospective Junior Red Cross, a Domestic Science course, a Kindergarten, Visiting Nurses and kindred topics. A kitchen shower resulted in an addition of cooking utensils with more to come. Money was also given for the kitchen. A lovely Hot-point range and the very nice tables makes one want to cook. P.-T. A. meetings are every essential as they form the get-together occasions when all parents may discuss any common or special topic.

Boys as well as girls are knitting. Very creditable wash cloths have been turned in by quite small workers. Those handed in this week were made by Joe Fomalara, Hallie Griffin, Katherine Maynard, Janet Metzger, Alma Armstrong, Mary Leoni and Lucy Escalario.

A most impressive burial service was held in France over the first three American soldiers killed in the trenches. All honors were paid by both French and American detachments of soldiers, the French officer closing with these thrilling words: "In the name of the French army, and in the name of France, I bid farewell to Private Enright, Private Gresham and Private Hay of the American army. In the name of France I thank you. God receive your souls. Farewell."

Study plan for Matthew 12. 1 Note the progress from chapter 11 in verses 1 to 37 of this chapter. 2 Note the progress in this section itself. 3 Note the purpose of insertion of the material of each incident, and the interpretation or meaning of the incident. 4 Note the claims of Jesus in relationship to His self-consciousness, claims of person, of work. 5 Compare the two incidents of Sabbath-breaking as charged. 6 Why did Jesus withdraw? 7 Why are the miracles introduced in chapter 12? compare their purpose with the purpose of those in chapters 8 and 9. 8 What is the argument concerning Beelzebub? 9 Why the demands for signs? 10 What connection between the last incident in the chapter and the chapter as a whole? 11 Study the claims of self-assertion of Jesus.

CERRITOS AVENUE SCHOOL

Superintendent Dickerson of the Cerritos Avenue School reports that a new burner has been installed in one of the school furnaces and it has made a great difference in the comfort of scholars and pupils who have been dependent for heat heretofore on gas heaters which have not always been adequate. If this burner proves satisfactory a new one will be placed in the other furnace.

The half-year of school work will close January 25th. School officers and teachers are trying to persuade the pupils who would be graduated at that time to defer commencement exercises until the close of the spring term. The class is small and this postponement would effect quite a saving.

Teachers have begun taking pupils out of doors for some of their physical training work, and find it very beneficial for all concerned. The girls are having practice games of basket ball and the boys are equally busy with indoor baseball and volley ball.

RED CROSS NOTES FROM PARIS

The American Red Cross is now operating forty dispensaries in the war zone.

A rest station is being operated by the American Red Cross at the new American Aviation Field.

American nurses and other Red Cross women workers in France are to have a club with rooms in Paris, to include a library, reading rooms and a meeting hall.

Old phonograph records are being collected among friends of the American Red Cross in Paris to entertain soldiers at rest stations.

LOSING AND KEEPING

The children kept coming, one by one,
Till the boys were five and the girls were three,
And the big brown house was alive with fun
From the basement floor to the old roof tree.
Like garden flowers the little ones grew,
Nurtured and trained with the tenderest care;
Warmed by love's sunshine, bathed in its dew,
They bloomed into beauty, like roses rare.

One of the boys grew weary one day,
And leaning his head on his mother's breast,
He said, "I'm tired and cannot play—
Let me sit awhile on your knee and rest."
She cradled him close in her fond embrace,
She hushed him to sleep with her sweetest song;
And rapturous love still lighted his face
When his spirit had joined the heavenly throng.

Then the eldest girl, with her thoughful eyes,
Who stood "where the brook and the river meet,"
Stole softly away into paradise
Ere "the river" had reached her slender feet.
While the father's eyes on the graves are bent
The mother looked upward beyond the skies;
"Our treasures," she whispered, "are only lent,
Our darlings were angels in earth's disguise."

The years flew by, and the children began
With longing to think of the world outside;
And as each in his turn became a man
The boys proudly went from their father's side.
The girls were women, so gentle and fair,
That lovers were speedy to woo and win;
And with orange blossoms in braided hair,
The old home left—new homes to begin.

So, one by one the children have gone—
The boys were five and the girls were three—
And the big brown house is gloomy and lone,
With two old folks for its company.
They talk to each other about the past,
As they sit together at eventide,
And say, "All the children we keep at last
Are the boy and girl who in childhood died."

—Author Unknown.

A mere man and a steam engine both need governors to prevent them from racking themselves to pieces. Man is but a machine, after all.

NOTICE OF FORECLOSURE SALE BY COMMISSIONER
No. B48891

H. M. O'Malley, assignee, plaintiff, vs. G. H. Slatford, and Marie Slatford, O. E. Chamberlain, Title Guaranty and Trust Company, a corporation, defendants.

Under and by virtue of a decree of foreclosure and order of sale issued out of the Superior Court of the County of Los Angeles, on the 21st day of December, 1917, in the above entitled action, wherein H. M. O'Malley, assignee, the above named plaintiff, obtained a judgment and decree of foreclosure and order of sale against G. H. Slatford and Marie Slatford, O. E. Chamberlain, Title Guaranty & Trust Co., corporation, defendants, on the 6th day of December, 1917, for the sum of nine hundred ninety-five and 75-100 dollars ($995.75) together with the sum of one hundred fifty dollars ($150.00) attorney's fees, and fifty seven dollars ($57.00) costs, which said decree was on the 12th day of December, 1917, entered in Judgment Book 446 of said court at page 312 et seq, I am commanded to sell all that certain lot first or parcel of land situated lying and being in the city of Glendale, County of Los Angeles, State of California, and bound and described as follows, to wit:

Lot No. 2 of tract No. 2150 as per map of said tract now on record in book 22, page 84 of maps records of Los Angeles County, including all buildings and improvements thereon, together with all hereditaments and appurtenances thereto.

PUBLIC NOTICE IS HEREBY GIVEN, that on Wednesday, the 23rd day of January, 1918, at 4 o'clock P. M. of that day in front of the said above described premises, better known as 819 Louise St. in the city of Glendale, County of Los Angeles, State of California, I will, in obedience to said order of sale and decree of foreclosure sell the above described property or so much thereof as may be necessary to satisfy said judgment with interest and costs, etc., to the highest and best bidder for gold coin of the United States.

Dated this 2nd day of January, 1918.

HARRY E. MUNSON,
Commissioner Appointed by the Judge of the Superior Court.
Kenneth E. Matot, 714 Hibernian Bldg., Attorney for Plaintiff.

FARM BUREAU

On December 14th, 1918, Judge Gavin W. Craig, of Los Angeles, appointed:

T. W. Preston, Chairman;
Dr. Nat Green,
W. W. McElroy,
Alex Mitchell,
J. B. Doan,
J. W. Usilton,
Mrs: Marie Larkey,

as a committee representing Glendale, Tropico, and Casa Verdugo, to organize this section as a division of the County Farm Bureau. Two meetings have been held and it was decided that a mass meeting of all interested in this very important work be held in the Council Chamber of the Glendale City Hall, on Friday evening, January 11th at 7:30.

Dr. Webber, head of the Experimental Station at Riverside, will be present and explain the purpose and objects of the County Farm Bureau.

Following this address a business meeting will be called when a permanent chairman and delegates to the County Convention will be elected. A constitution and by-laws will be presented for adoption, other officers will be chosen and this section of the County Farm Bureau will then be ready to do its part in the larger production and conservation of food stuffs. A large attendance is earnestly desired.

T. W. PRESTON, Chairman.

NOT PLAY FOR HER

Edith—If you don't love Jack why don't you tell him so? Madge—Well, he sends me flowers and takes me to the opera, you know, and— Edith—But, gracious! I don't see how you can play with his affections that way. Madge—Ply? I call that "working" them.—Boston Transcript.
